

**AMENDMENTS TO THE SPECIFICATION**

Please replace the paragraph on page 6, lines 27 – 33 with the following amended paragraph:

The virtual assistant 112 also allows the user to create and manage collaborative sessions. Collaboration groups can be set up once and remain persistent over multiple voice or multimedia conferencing sessions. Each collaboration can have a data storage area that contains documents and files that collaboration members may wish to access before ~~b-fore~~, during, or after the voice conference. Collaborations include definition of participants, storage and/or retrieval of associated documents, and notification to users.

Please replace the title on page 9, line 1 with the following amended title:

Module Definition ~~Module D-finition~~ Language

Please replace the title on page 11, line 39 with the following amended title:
